

Castleford Park Junior SEND Identification Pathway

Child/young person is identified as having extra needs

(teacher, teaching assistants, SENCO, parents, outside agencies, the child/young person)

Pupil discussion with SENCO to be recorded on the pupil discussion format

(this can involve all people involved with the child)

Depending on needs highlighted during pupil discussions - various questionnaires to be completed to gain the bigger picture of the child's needs

(Dyslexia checklist, sensory checklist, parent and pupil questionnaires)

Areas of need highlighted and actions agreed

(Appropriate assessments to be identified from Assessment Toolkit)

Suggested support/strategies to be implemented based on assessments within a given timeframe

Follow up discussion on impact of support/strategies implemented in the given time

Are there improvements / has the support/strategy been effective?

No

Possible Strategies:

- Further discussion with the SENCO
- Supporting me to Learn Plan
- Support Services requested: LSS, CIAT, EPS, OT, S&L, CAMHS, SEMHT
- Advice and Guidance from external agencies
- Start to gather evidence in support of the My Support Plan

Yes

Monitor progress and review:

- Day to day Assessment For Learning
- Assessment weeks
- Pupil progress meetings
- Intervention impact evaluations
- Parent's evening
- Pupil voice questionnaires

Are there improvements / has the support/strategy /advice been effective?

No

Need for co-ordinated support – all parties involved with the child to contribute to the My Support Plan – Monitor and review – if there are still no improvements or progress is limited then through a co-ordinated approach the My Support Plan can be submitted to SENART to decide whether an Educational Health Care Plan is appropriate.

This is a suggested pathway for early identification of needs and the process of how those needs can be met. In some cases the pathway may not be appropriate and there may need to be a co-ordinated approach much sooner. If there is a case where the child is in crisis or suffers a personal trauma that dramatically affects their school life and the emotional wellbeing then external agencies may be contacted.
