

An Overview of INTENT linked to the RSHE 2026 DfE Guidance

HT1 SELF-AWARENESS	HT2 RESPONSE SYSTEM	HT3 BOUNCING BACK	HT4 COMPASSION	HT5 POWER OF NOW	HT6 DOING & BEING
Mental Fitness (x3 lessons) Self-awareness is to 'know myself to grow myself' Self-identity includes my body, mind, soul and spirit Spirituality is seeking a deeper connection with something bigger than myself where I experience feelings of awe, love, peace and fulfilment. Self-esteem is how much I like myself Self-Control is stopping and catching myself to make sure I do what is good and what is right	Mental Fitness (x3 lessons) Our response system is our mind and body working together to protect us and keep us safe Wise Owl (upstairs brain), Guard Dog (amygdala) and Emotion Elephant (Hippocampus/emotional downstairs brain) Emotions are energy in motion React means to ACT quickly without thinking. Response leads to responsibility (power of the pause) Toolkit – practical ways to build mental fitness	Mental Fitness (x 2 lessons) Bouncing back is when we return to our usual selves after something difficult. Adaptability is to be like cooked spaghetti Resilience is to keep going even when something is difficult. Forgiveness is letting things go	Mental Fitness: (x 3 lessons) Compassion is suffering together Self-compassion means being your own best friend Dopamine makes you feel good Oxytocin makes you feel loved SENSES approach is sensitivity, empathy, non-judgmental, sympathetic, extra care and supportive Empathy is understanding somebody else's feelings Sympathy means feeling sorry for somebody else	Mental Fitness: (X3 lessons) Power of Now is being fully present in the moment Mindfulness is paying full attention to the present moment and noticing what's happening inside and around them, Wise Owl (upstairs brain), Guard Dog (amygdala) and Emotion Elephant (Hippocampus/emotional downstairs brain) Attention is focusing on one thing at a time	Mental Fitness: x 2 lessons Exercise is a physical activity that gets you moving, muscles work hard and strengthens our heart and lungs Obesity is when somebody is significantly overweight Confidence is believing in yourself and your abilities Ambition means having a strong desire to do or achieve something important Balance means spending time and energy doing and being. Acceptance understanding and being okay with things as it is
RSHE Objectives: That mental wellbeing is a normal part of daily life, in the same way as physical health. Pupils should have opportunities to think about how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests.	RSHE Objectives: How to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. How to judge whether what they are feeling and how they are behaving is appropriate and proportionate. That there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.	RSHE Objectives: How to judge whether what they are feeling and how they are behaving is appropriate and proportionate. Simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.	RSHE Objectives: That stable, caring relationships are at the heart of safe and happy families and are important for children's security as they grow up. that most people feel lonely sometimes, and that there is no shame in feeling lonely or talking about it. How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we balance the needs and wishes of different people in relationships and why this can be complicated. Practical steps they can take and skills they can develop in a range of different contexts to improve or support their relationships.	RSHE Objectives: How to judge whether what they are feeling and how they are behaving is appropriate and proportionate. Pupils should have opportunities to think about how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests. Simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. The importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.	RSHE Objectives: Pupils should have opportunities to think about how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests. Simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. The importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.
Social Fitness: Families: Social Fitness is how we show up with other people Love is thinking about others more than yourself Kindness is thinking about people's feeling and making them feel good Goodness is doing what is good and what is right	Social Fitness - Respectful, kind Relationships Moral Compass is knowing the difference between right and wrong Respect is treating others in a way that shows you care about them and their feelings A boundary is a rule or a limit set to keep us safe (Y5 & Y6) Integrity is being honest and pure when no one is	Social Fitness (lesson 3) – bouncing back in Friendships Courage is being brave and do the right thing even if you are scared. Honesty is telling the truth with your words and actions Trustworthy is being someone who others can count on	Social Fitness – compassion in relationships KS1: A stereotype is a thought about other people based on their characteristics (MTYT) KS2: A stereotype is a belief about other people based on their characteristics, which can be harmful and judgemental Prejudice is a harmful opinion that is not based on facts	Social Fitness- being present in all relationships Love is thinking about others more than yourself Kindness is thinking about people's feeling and making them feel good Goodness is doing what is good and what is right	Physical Fitness – health and prevention Personal hygiene is keeping their bodies clean and healthy to prevent germs and sickness Bacteria are small organisms that live everywhere Virus is a tiny non-living infectious agent that replicates inside a living cell

An Overview of INTENT linked to the RSHE 2026 DfE Guidance

Families provide love, security and stability. Marriage and civil partnerships (Y5/Y6) represent a formal and legally recognized commitment of two people to each other which is intended to be lifelong.	looking. (Y5/6) Humility is knowing that you are no better than anyone else	Y5/Y6 Assertive is when you can confidently say what you need and want in a calm and friendly way. Y5/Y6 Controlling is when you are directing or influencing another person's behaviour and choices	Injustice is a lack of fairness	(Y5 & Y6) Integrity is being honest and pure when no one is looking. (Y5/6) Humility is knowing that you are no better than anyone else A boundary is a rule or a limit set to keep us safe Assertive is when you can confidently say what you need and want in a calm and friendly way. Controlling is when you are directing or influencing another person's behaviour and choices Peer Pressure is when someone makes you feel like you should do/say something you don't want to	Allergy occurs when a person's immune system reacts to substances in the environment that are harmless to most people Immunisation is a process where a person becomes protected against a disease through vaccination Vaccine is given (nasal, injection or oral) to prevent infectious disease.
RSHE objectives: That families are important for children growing up safe and happy because they can provide love, security and stability. The characteristics of safe and happy family life, such as commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. That the families of other children, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. That stable, caring relationships are at the heart of safe and happy families and are important for children's security as they grow up. How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we balance the needs and wishes of different people in relationships and why this can be complicated.	RSHE Objectives: That they can expect to be treated with respect by others, and the importance of respecting others, including those who are different (for example, physically, in character, personality or backgrounds), or make different choices, or have different preferences or beliefs. How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we balance the needs and wishes of different people in relationships and why this can be complicated. The importance of setting and respecting healthy boundaries in relationships with friends, family, peers and adults. The conventions of courtesy and manners. Pupils should have opportunities to discuss the difference between being assertive and being controlling, and conversely the difference between being kind to other people and neglecting your own needs.	RSHE Objectives: That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened How to manage conflict, and that resorting to violence is never right. How to recognise when a friendship is making them feel unhappy or uncomfortable, and how to get support when needed.	RSHE Objectives: That they can expect to be treated with respect by others, and the importance of respecting others, including those who are different (for example, physically, in character, personality or backgrounds), or make different choices, or have different preferences or beliefs. What a stereotype is, how stereotypes can be unfair, negative, destructive or lead to bullying and how to challenge a stereotype	RSHE Objectives: How to communicate effectively and manage conflict with kindness and respect; how to be assertive and express needs and boundaries; how to manage feelings, including disappointment and frustration Pupils should have opportunities to discuss the difference between being assertive and being controlling, and conversely the difference between being kind to other people and neglecting your own needs. Practical steps they can take and skills they can develop in a range of different contexts to improve or support their relationships. Why social media, some computer games and online gaming, for example, are age restricted. That the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. Where and how to report concerns and get support with issues online.	RSHE Objectives: How to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. About safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. The importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. About dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. About personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. The facts and science relating to allergies, immunisation and vaccination.

An Overview of INTENT linked to the RSHE 2026 DfE Guidance
